

Vignettes

Sandy Evans

I was president of the Quilt Sew-ciety maybe 25 years ago. As a thank you I was given this quilt by the board. Baltimore Album quilts were popular at that time and this quilt has a little feel of that. It contains the name of the board members along with fabrics that represented them. It was a miniaturized Trudy Hughes pattern, 1/2 scale, the original quilt only had 9 blocks. Betsy asked the board to provide their favorite fabric for their own "shape...block". Along with special words and date. Lucy Brown did all the pen work, Betsy Munroe pieced and quilted it. It is in very nice shape.
